A brand with a strong personality, recognised everywhere

DISCOVER CI

*The best choice of value for quality,
reliability and service.*

CI is an internationally established Italian reality and among the most significant production models in the European camper industry. The advantage of choosing a brand with great experience lies in the certainty of product quality at the highest levels permitted today by technologies, materials and a complex industrial process. Choose CI which, day after day, works to improve its products and services by adopting quality as its priority

so that the product price reflects its authentic value. The CI mission is Customer satisfaction, understood as the ability to provide products and services fully compliant with their expectations. CI pursues this mission thanks to the experience gained over time, along with the ability to renew itself according to habits, trends, market changes and the pursuit of new technologies.

Why Choosing CI

WHY CHOOSING

A MOTORCARAVAN FOR EVERYONE

A motorcaravan for everyone. CI offers a wide selection of models to meet the needs of any customer. The variety of the offer involves all types of motorcaravans and their interior fittings. The offer of models, organised into ranges, is able to meet the different and growing needs of the customer with an increasingly rich product.

A MOTORCARAVAN THAT IS ALWAYS UP TO DATE

The constant technological innovation of the production processes together with a continuous renewal of the product, with cutting-edge technical-constructive solutions, allow us to offer a very high quality product capable of lasting over time at a competitive price. CI responds to the needs of life in a motorcaravan with devices and solutions that make your stay on board pleasant while travelling and parking.

A MOTORCARAVAN EASY TO LIVE IN

The interiors are conceived and designed to be functional. Solutions that respond to everyday needs and allow you to experience every space with maximum comfort and simplicity. Environments that can be transformed by simple gestures to offer a different service, yet adapted to different needs. All the rooms offer everything - from small details to more sophisticated solutions - that simplify and improve life on board.

CI advantages

MORE INSULATION, MORE PROTECTION, LESS NOISE

CI vehicles are designed with EXPS Evo technology to offer absolute protection in terms of insulation. High-quality insulation materials, meticulous construction techniques and specialised production departments enable us to guarantee maximum comfort for our customers, everywhere and for a long time. Discover the pleasure of mindless travelling in a quiet and protected environment.

SUITABLE FOR ALL SEASONS

Excellent performance and optimal climatic comfort. Thanks to the use of state-of-the-art technologies and materials, with CI it is easy to enjoy the journey without any compromise, regardless of the weather conditions outside. The Italian with “Nordic” features.

UNDER CONTROL

CI undertakes to put its own experience and expertise at the service of every customer. A dedicated quality control team, committed to continuous improvement, carefully supervises each stage of production, ensuring meticulous testing from design to delivery. In safe hands.

AS YOU LIKE IT

Customise your vehicle with ease. Choose from CI’s wide selection of accessories and add-on packages. Maximise versatility, optimise functionality and enhance the performance of your vehicle according to your needs.

ACCOMMODATES THE UNEXPECTED

Comfortable, handy and functional rooms. Flexible interior that adapts to every need. Well-designed, protected and easy-to-use garages. CI offers versatile and transformable spaces for every type of crew and holiday.

10-YEAR WARRANTY

10-year warranty against infiltration. The quality of production processes, technological innovation and choice of materials provide value over time.

WHY
CHOOSING

The CI offer

Horon

EASY TO LIVE IN

Rational and convertible environments.
Expandable folding table or 360° rotating table.
Possibility of separating living and sleeping areas.
Toilet and separate shower.
Variable volume toilet.
Convertible twin beds.
Variable volume garage.

HORON

A NEW WAY OF EXPERIENCING ADVENTURE.

Horon is the ideal travelling companion for those entering the world of plein air.

INTERIORS
HORON

THE SPACE YOU'VE ALWAYS WANTED

Living environment according to your needs in terms of space and social life. The spacious dining area offers maximum comfort for rest and recreation with comfortable seating, extendable or rotating tables, swivel seats and plenty of natural light.

living area 

DINETTE

- Low profile with swivel seats that integrate into the living area with coordinated fabrics
- Living dinette with glossy laminate table
- Convertible face-to-face dinette with extendable folding top table
- Opposite double dinette for seating up to 6 people

DINETTE

- Light and air thanks to large windows and panoramic roof (TL, P)
- USB sockets
- 100% LED lighting, diffuse lighting under wall units
- Large wall units under the elevating bed
- Shelves and storage compartments all around the cab, in low-profile models with or without elevating bed

COOK AS AT HOME

EVERYTHING WITHIN EASY REACH AND SPACE FOR EVERYTHING. Thanks to the ergonomic and functional design and the use of high-quality materials, you can prepare your favourite dishes wherever you are. A large refrigerator, deep drawers and high wall units will allow you to carry everything you need.

YOUR KITCHEN

- Laminate kitchen unit with 3-burner stainless steel hob
- Large circular sink with single-lever mixer
- Wall-mounted spice rack
- Methacrylate window cover for added protection and easy cleaning

YOUR KITCHEN

- Drawer with cutlery tray
- Large basket for dishes
- Door with shelf
- LED under-floor light
- Two-door refrigerator with freezer compartment and bottle compartment for up to 145-l bottles

SLEEP QUIETLY

EVERYONE THEIR OWN BED. Different types of rooms, with twin beds, central bed, bunk beds or transversal bed. The HORON range offers all the comforts to ensure you have a good rest. The large side windows and skylights provide light and ventilation. For larger crews, elevating beds or convertible into a dinette.

RIVIERA

Riviera

THE WORLD AT YOUR FINGERTIPS.

Upgrade your travel experience.

ALL THE COMFORT OF HOME WITH A DOUBLE FLOOR.

Elegant, refined, unique. **Riviera** is the perfect choice for demanding motorhome fans looking for classy vehicles. The modern interior, trendy colours, high-quality finishes and ample space in the double floor turn every journey into an experience of maximum comfort and reliability. The Riviera range is available in 3 layouts in low-profile version with elevating bed, on FIAT mechanics.

Some features of the vehicle shown do not correspond to the final features for the current season.

Why choose Riviera

CHOOSE THE MOTORCARAVAN THAT SUITS YOU

A selected range of 3 models.
In low-profile with elevating bed version with FIAT mechanics.
With double floor.

MORE AND MORE TECHNOLOGY ON BOARD

Double floor. Hail-resistant fibreglass body.
Anti-condensation system. Combi 4000 W gas heater with control panel and dedicated App for utility management.
100% LED lighting. 220 V electrical socket in the garage.
Large automatic three-way refrigerators with freezers.
Living and sleeping areas USB sockets.
Inverter ready in the kitchen.
Audio speakers in the living area.

EASY TO LIVE IN

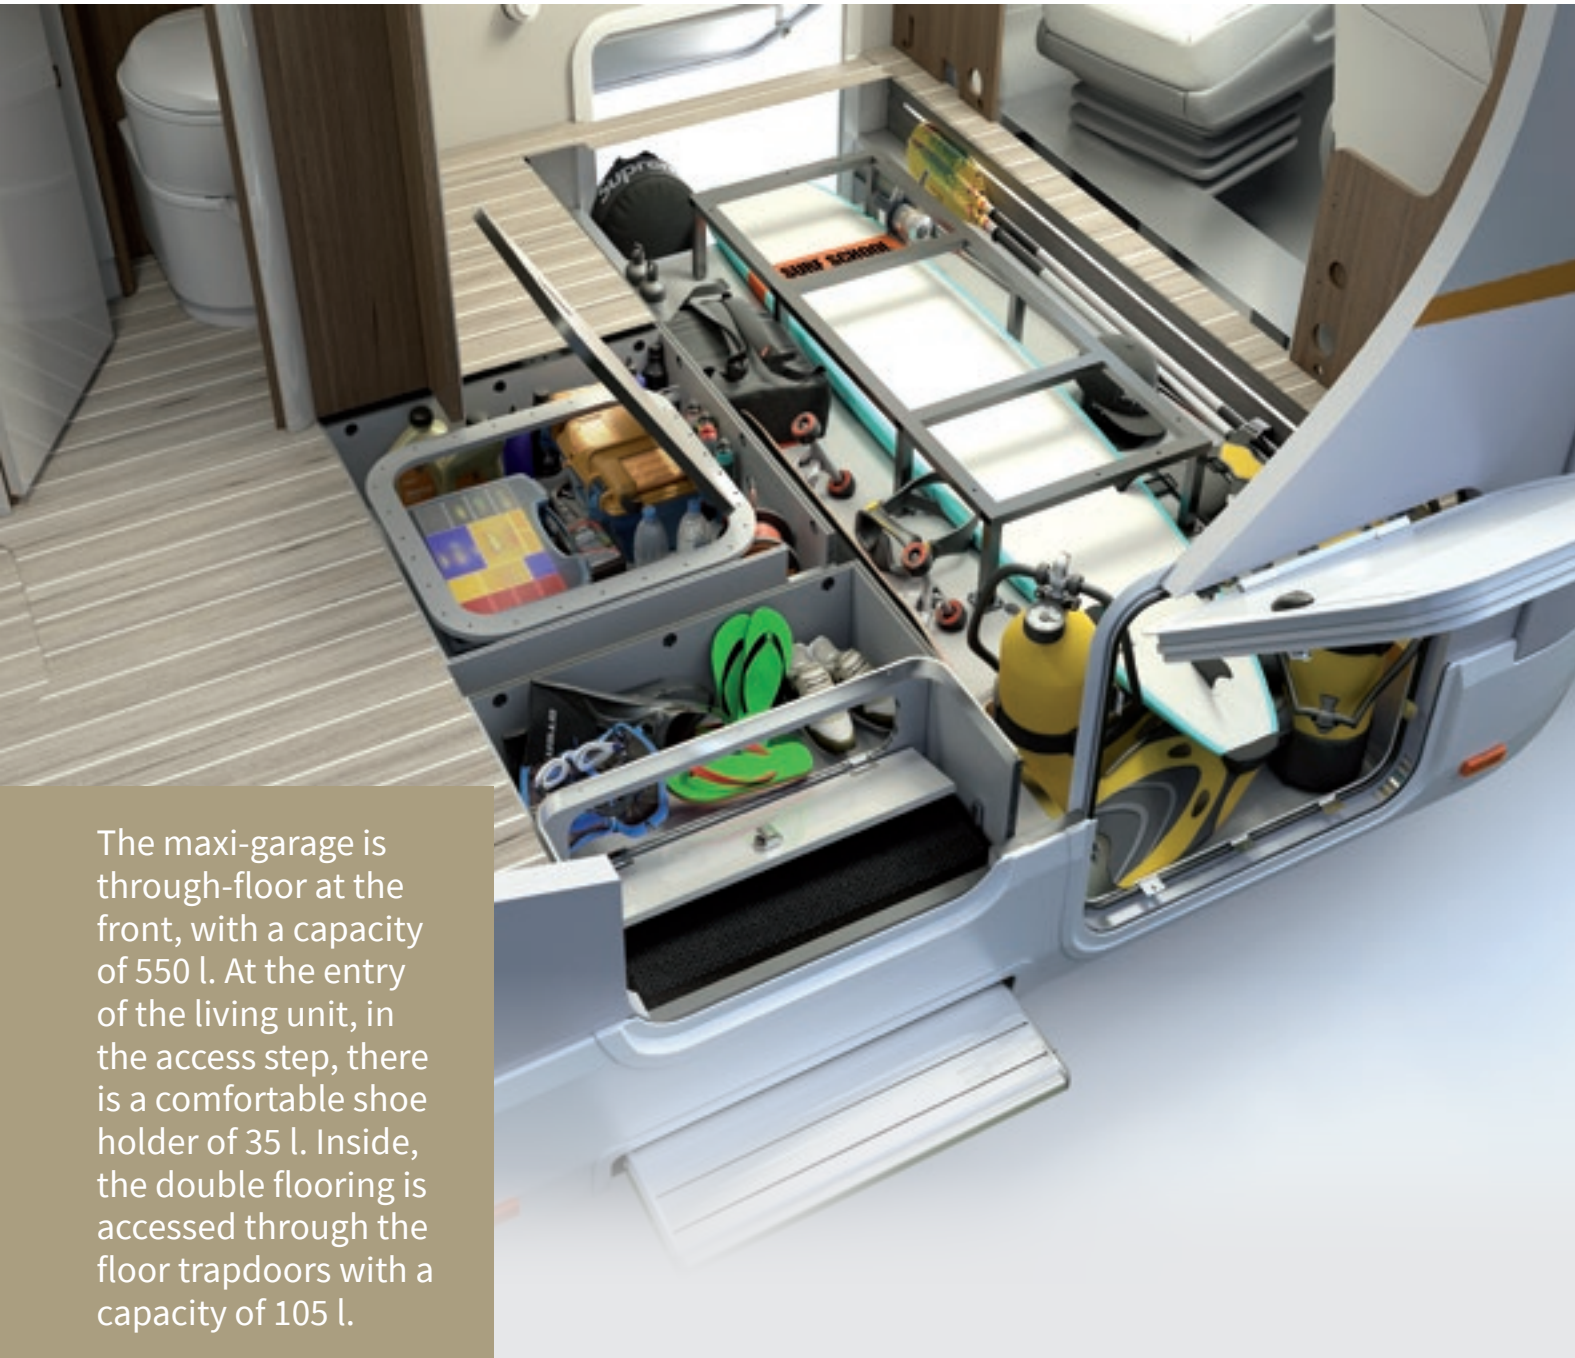

Refined and convertible environments.
Expandable folding table or 360° rotating table.
Possibility of separating living and sleeping areas.
Toilet and separate shower.
Convertible twin beds.
Insulating soft touch fabric roof.
Floor trapdoors.

Large space available in the double floor that allows easy loading both from the inside and from the outside.

Double flooring Riviera

690 L OF AVAILABLE SPACE

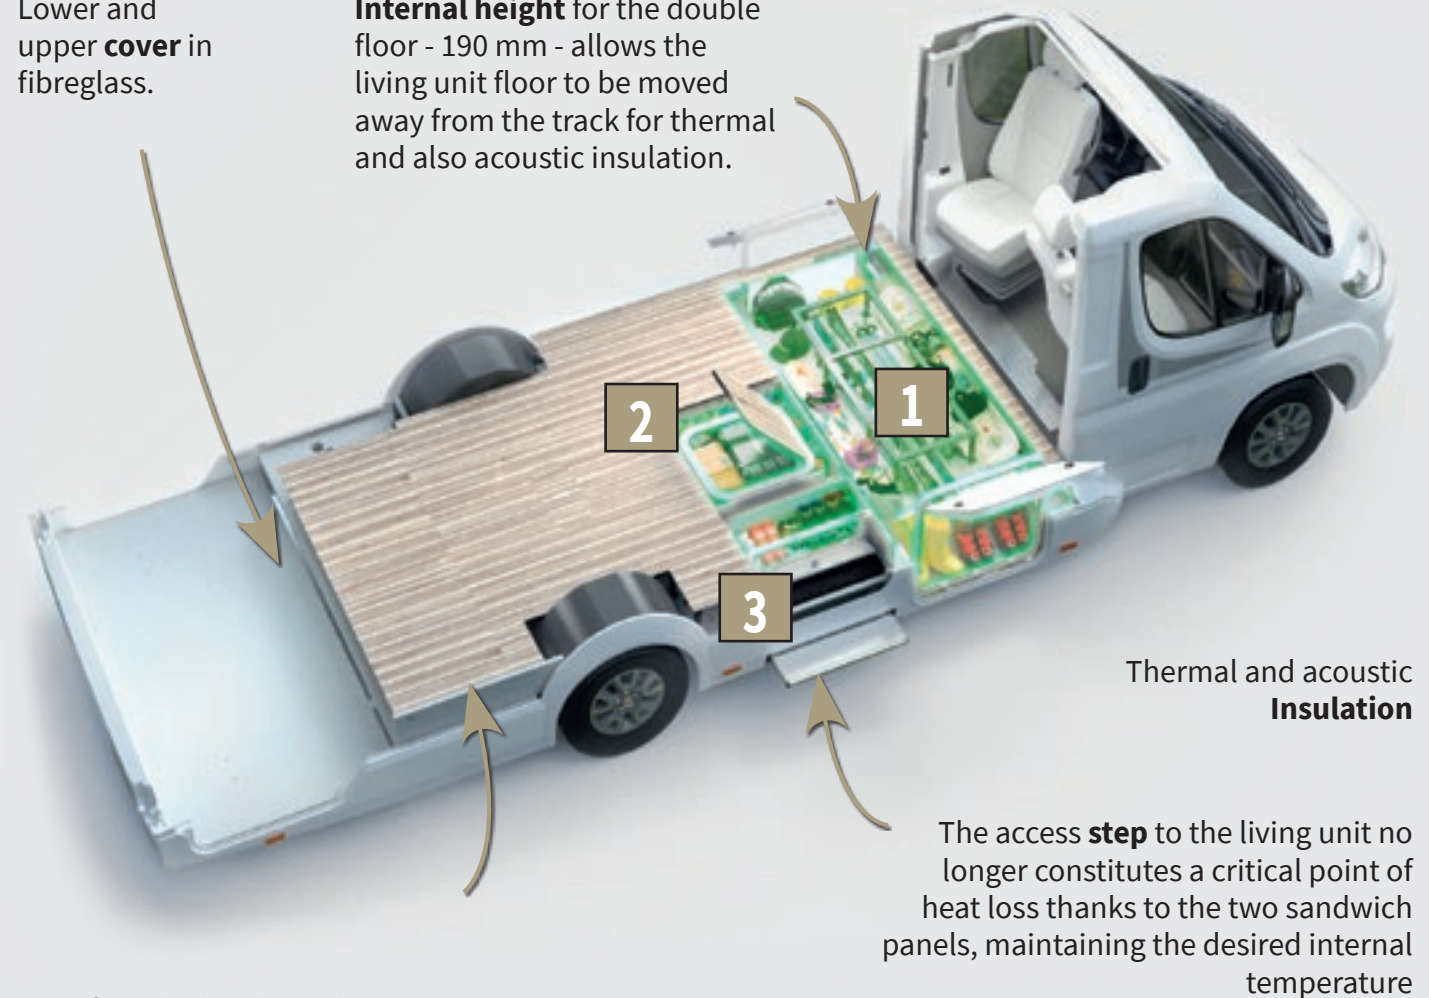

The maxi-garage is through-floor at the front, with a capacity of 550 l. At the entry of the living unit, in the access step, there is a comfortable shoe holder of 35 l. Inside, the double flooring is accessed through the floor trapdoors with a capacity of 105 l.

The Riviera double flooring is designed to make great holidays with great usability of space, ensuring ample stowage and protection.

The structure is composed of two floors, an upper floor that constitutes the plane of the cell, and a lower floor. The two levels are divided by aluminium supports that guarantee at the same time lightness and stability.

Lower and upper **cover** in fibreglass.

Internal height for the double floor - 190 mm - allows the living unit floor to be moved away from the track for thermal and also acoustic insulation.

Thermal and acoustic **Insulation**

The access **step** to the living unit no longer constitutes a critical point of heat loss thanks to the two sandwich panels, maintaining the desired internal temperature

Flooring: the height of the two surfaces, 38 mm for the living unit floor and 22 mm for the lower floor, provide greater thermal and acoustic insulation.

RIVIERA

UPGRADE YOUR TRAVEL EXPERIENCE.

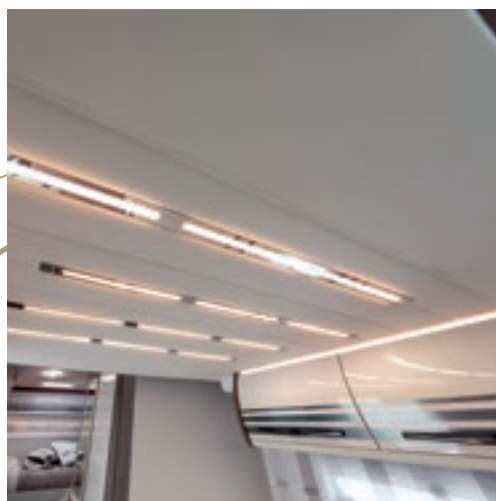

Riviera is the perfect choice for demanding motorcaravan lovers looking for classy vehicles

STYLE, COMFORT AND PLENTY OF SPACE

BEAUTY AND PERFORMANCE. Riviera is characterised by a trendy style with modern and refined lines. A state-of-the-art motorcaravan in terms of living comfort, stowage capacity, high-quality materials and technical innovation.

living area 

DINETTE

- Swivel seats that integrate into the living area with coordinated fabrics
- Convertible face-to-face or living dinettes with extendable folding top table and wooden top
- Living dinette with glossy laminate table
- Eco-leather elevating bed panel with diffused LED light

- Light and air thanks to large windows and panoramic roof (TL, P)
- USB sockets
- 100% LED lighting, diffuse lighting under wall units
- Shelves, storage compartment and closed units all around the cab, in low-profile models
- Sofas covered with special eco-leather upholstery for extra protection
- Floor hatch

A CHEF KITCHEN

QUALITY AND DESIGN. High-quality scratch-resistant, impact-resistant materials and plenty of surface area. Plenty of space for equipment and shopping, thanks to the excellent equipment and accessories.

YOUR KITCHEN

- Laminate kitchen unit with 3-burner linear stainless steel hob
- Large sink with sink cover
- Methacrylate window cover for added protection and easy cleaning

- Pot holder integrated in the worktop
- Drawers with cutlery tray
- Large basket for dishes
- Door with pull-out shelf and steel sides
- LED lighting under the kitchen
- Equipped with spice rack, roll holder and towel holder, steel finish

THE RIVIERA ROOM

A SAFE NEST. The Riviera range offers the ultimate in sleeping comfort, thanks to rooms designed in every detail. Isolated and richly fitted rooms.

sleeping area 

A CORNER OF PARADISE

- Slatted bases on fixed elevating beds for stowage
- Mattresses made of breathable fabric
- LED ambient light
- Floor night-time step markers
- Reading spot lights

- Maxi windows with Roman blinds
- USB socket combined with reading spotlights with shelf for smartphones and tablet
- Eco-leather and fabric side pockets and side compartments
- Insulating soft touch fabric roof

YOUR TAILOR-MADE WELLNESS CENTRE

A SPA ALWAYS WITH YOU. Bright rooms, high-quality fine materials. Prestigious design and elegant solutions for the shower stall, spacious compartments for your beauty products.

bathroom 

EXCLUSIVE QUALITY

- Wooden furniture
- Shower with laminate wall, diffused LED light, rain shower head and practical separate pull-out spray
- Shower base with double drain made of reinforced ABS
- Window and skylight
- Bathroom door separating living and sleeping areas (where available)

Marigold (Standard ■, Fabric, Imitation leather)

CHASSIS

- Fiat 140 HP
- START&STOP
- ESC
- Cruise control
- Driver and passenger airbags
- Manual climate control system
- Painted bumpers
- Rear view mirrors with defroster
- Integrated DAB radio aerial

Riviera

EXTERIORS

- Double flooring with through-floor maxi-garage
- XL entrance door with fixed window and flyscreen
- Seitz windows
- Opensky, panoramic roof
- Low gas maxi-garage
- XXL garage with a maximum load capacity of 300 kg
- Electric access step
- 10-year infiltration warranty

CI advantages

On a carefree journey; you will always be protected and safe, in every season.

ROOF. Hail-resistant external fibreglass. Internal fibreglass. PVC frame to protect the most critical contact areas. The use of this material prevents the formation of thermal bridges inside the compartment which can be the cause of condensation or heat loss. Waterproof plastic inner structure.

WALLS. External fibreglass, hail-proof, PVC frame and waterproof plastic inserts. High density perimeter protection in plastic: prevents any contact between inside and outside avoiding the inlet of water inside the walls. **Fibreglass internal walls**, resistant to humidity and free of thermal bridges that can be the cause of condensation or heat loss.

FLOOR. Lower fibreglass cover for greater heat insulation and mechanical resistance. The fibreglass underbody offers better protection from external erosion and wear, protection from impact of stones or asphalt gravel, protection from salt on the roads, protection from humidity. **Floor structure in waterproof plastic** with a high thickness of 54 mm: greater structural resistance and maximum impact resistance. **The extruded perimeter protection**, resistant for greater load capacity, prevents thermal bridges and water absorption. **Abrasion-resistant non-slip PVC lining.**

EXPS, protected everywhere

CI vehicles are safe, well insulated and silent, thanks to the exclusive ExPS EVO technology that ensures insulation and internal protection from both external temperatures and noise.

DISCOVER
EXPS

Noise Reduction Technology.

The furniture features protection with soft material for furniture-outer body connection. A plastic spacer separates the lower floor from the chassis rail.

Made to Breathe

10-year warranty

QUALITY AND VALUE OVER TIME.

That is why **CI** created **BODY CONSTRUCTION INTEGRITY WARRANTY**, the warranty that gives you 10 years of peace of mind with your motorcaravan. We want our customers to trust their **CI** as much as we do.

By choosing a **CI** motorcaravan you join the 10-year **BODY CONSTRUCTION INTEGRITY** programme.

It is a prolonged warranty programme against infiltration by carrying out regular maintenance at the authorized sales network.*

*For the detailed conditions ask the authorised sales network.

Insulation and heating

DISCOVER
SUITABLE
FOR ALL
SEASONS

Relax, we'll care about the right temperature.

To make you feel **comfortable inside your motorcaravan**, whatever the temperature outside, CI offers the technology you need! Every CI vehicle uses technologies and materials that ensure high performance and **a perfect climate at all times.**

- Thermal windscreen (motorhome)
- Electric heated floor
- Diesel, gas and or electric boosted heater

Winter holiday included. Enhance your comfort on board still further with genuine accessories.

Available in the WINTER PACK:

- Insulated tank
- Insulated step
- Insulated pipes

The whole world in the garage

THERE'S ROOM FOR ALL THE TRAVELS YOU EVER DREAMED OF.

Those with big projects need their space. CI garages have all the space you need to make your dreams come true, up to 300 kg of independence! (technically loadable weight affecting the approved seats or the remaining total payload; internal height up to 1430 mm depending on models).

THE CI GARAGE DONE PROPERLY:

- Double maxi-garage access door, 180° opening.
- Pass-through loading compartment accessible from both sides.
- Up-and-down bed system for flexible spaces and loads
- With air vents.
- Lower fibreglass cover and PVC cover
- Double lock in each rear door for added security.

AND STORAGE

DISCOVER
UNDER
CONTROL

- Specific testing in climate chamber to check the resistance, duration and performance of the materials selected at extremely high/low temperatures.
- Performance tests on the components used: durability of mattresses, resistance to stress, reliability and compliance with European regulations in the design of the seatbelt unit.

1

Tests in research and development and prototyping stage

BECAUSE WE KNOW THAT SATISFYING OUR CUSTOMERS DEPENDS GREATLY ON THE QUALITY OF OUR PRODUCTS. CI puts its own experience and expertise at the service of every motorcaravan produced and follows it throughout the production stage with inspections and tests from design to delivery that meet with European standards. The same quality standards are demanded of suppliers: for the most strategic components, a check is carried out when the material is received and before it is used in production.

3

Test on finished product

Electronic weighing of 100% of vehicles before delivery and written weight certification for end customer.

Test on operation of the gas pipes.

Correct installation of the hydraulic systems.

Check on operation and correct installation of the electrical systems.

2

Checks in production stage

Electronic weighing of 100% of vehicles before delivery and written weight certification for end customer.

100 statistical checks on a percentage of the vehicles produced: aesthetic, functional, noise and fitting tests.

Chassis

It is equipped with the FORD EcoBlue 2.0 TDCi engine, available with 130 and 170 HP, which improves performance and reduces CO₂ emissions.

ABS to prevent the slightest loss of control.

AIRBAG standard driver and passenger airbags.

ASR anti-skid system to limit loss of wheel grip.

ESP electronic stability programme for correct vehicle set-up.

SEATS

Cab seats adjustable and rotatable by 180°, with integrated armrest and headrest, to find the right position for driving or standing. Radio with steering wheel controls. In the cab there is plenty of space for bottles, mobiles and maps or guides.

DAB aerial provision

16" rim wheels.
Cruise Control.

Equipped with a wide range of technologies designed for a safe driving in all situations.

OPTIONAL

Six-speed automatic transmission for a relaxed driving experience (not available for chassis 4,100 kg)

SPECIFICATIONS

- ▶ Specific frame for motorcaravans with lowered centre of gravity for better access to the cell.
- ▶ Steel frame with side members and crossbars, flat and resistant, allows a perfect arrangement of the living unit.
- ▶ BExtended rear track for greater road stability and interior living comfort.

FIAT Chassis

Created from the continuous cooperation with manufactures, FIAT Ducato is the perfect combination of chassis and living unit.

ELECTRIC POWER STEERING SYSTEM

The electric power steering system replaces hydraulic system on whole range. Moreover, the electric steering system offers:

- ▶ Power supply technology adapts steering effort to vehicle speed.
- ▶ Increased steering precision.
- ▶ Higher driving pleasure, while reduces effort during parking maneuvers.
- ▶ Improves fuel consumption and reduce CO₂ emissions thanks to the adaptive energy consumption.
- ▶ Keep current steering ratio.
- ▶ Engine bay is freed from former hydraulic power steering specific parts.

MANUAL CAB CLIMATE CONTROL

Enhanced and diffused ventilation to the entire cab.

Euro 6D Final

140 PH / 180 PH

ESC

Electronic Stability Control

On the Ducato, the system has 3 features:

- ▶ CROSS WIND ASSIST. Through the use of brakes, intervenes to help stabilize the vehicle through strong crosswinds, helping to keep the vehicle from drifting out of its lan.
- ▶ TRAILER STABILITY CONTROL SYSTEM. Detects when a trailer is starting to oscillate and corrects any dangerous trailer swing, through a combination of either torque reduction and/or individual wheel braking.
- ▶ POST COLLISION BRAKING SYSTEM. Intervenes in the event of an accident, automatically applying brakes to prevent secondary potential collisions.

Chassis CITROËN Jumper

STANDARD EQUIPMENT

- ▶ Manual cab climate control
- ▶ ESP
- ▶ Cruise Control
- ▶ Double Airbag
- ▶ Electric heated door mirrors
- ▶ Height-adjustable seats with double armrest

KYROS CATALOGUE

This catalogue does not represent contractual documentation, rather only general information. Trigano S.p.A. reserves the right to change the features and fitting of any of its models without prior notice; all data contained in this brochure is therefore to be considered as indicative and non-binding. For the above reasons, all information relating to the specifications and equipment of each model must be requested prior to purchase from the dealer, who, as the sole contact person, will confirm or correct the data published by updating the customer on the characteristics and actual equipment of the relevant vehicle being negotiated. Despite careful content checks, possible printing and/or translation errors cannot be excluded. This catalogue does not constitute contractual documentation. Any reproduction, even partial, of the text or contents of this document is prohibited. The weights given in this catalogue are for reference only. Tolerances of +/-5% are permitted. In general, special equipment and optional extras increase unladen weight and lead to a reduction in payload. We disclaim all liability in the event of structural modifications made to the vehicle; any assembly, disassembly or modifications carried out at unauthorised workshops may endanger your safety and also lead to the voiding of warranty clauses. For more information on installation and technical details, please contact the authorised sales network.
